President's Message

Happy New Year! May 2011 bring you and your family a year of good health and happiness.

We had a few members leave us in 2010 and they will be missed terribly. We know they had a passion for their Model A's and our club. Our gift to them is to honor them by continuing that passion to our club and the community. One way we gave to our community was with our food donations at the Club Christmas Dinner. Thank you to all who participated as we gave 292 pounds of food and two gift cards to the Golden Empire Gleaners. I am very honored to be a part of this club where the members are always willing to help out. Thank you again for your service and support.

(Continued on page 7)

Upcoming Events:

* = Club Sanctioned Event

- *Jan 3, 2011 - General meeting at the Rasmussen Center - 7:00 P.M.
- Jan 11, 2011 - Board Meeting at Martin's - 6:30 PM
- Jan 28-30, 2011 - Turlock Swap Meet. For those who want to caravan in their RV's, meet in front of Pruett's at 9:00 AM on Friday January 28. More details at the January meeting.

Snippets From The Past

Since we haven't had a meeting since the December Newsletter, we haven't had a chance to figure out who the cute little girl was in the December letter. So, I am not going to tell you here, we'll wait until the meeting to see if anyone correctly guessed.

This month's picture is of a little boy about 3 with his dog Pal. There will be no mystery this month, the little boy is Bill Phillips. As you all know, Bill passed away on December 16. Bill had this picture all ready to give to me. His Daughter gave it to me when I went to see her about something to put in the obituary for Bill

Each month, I will try to have something for the Snippets From The Past. If any of you have pictures of yourself as a child please let me borrow them, so I can make some copies. - Ed

Andy and Anna Brancato are our Guest writers for January. When I asked them to write something, they said they didn't have anything to write about. I told them everybody has something to write about. So, this is what they came up with. A pretty darn interesting story for someone who said they didn't have anything to write about!
- Dan

My Model A Tudor Sedan

About four years ago, we were going on a CCRG tour to Northern California, but we had a slight problem. There was going to be four of us. Our friend Linda from Germany, our Granddaughter Nikki, Ann, and myself. So how were we going to take four of us in a coupe or a Model A pickup, I asked? Ann said she didn't know, but we would figure out something.

Well, as time went on, our Granddaughter Nikki could not get off work, so now it left just three us, still a problem, because we had three people and one coupe, this meant that Linda or Ann would have to ride in the rumble seat. Right off, I knew that wasn't going to work! The other option was to take the Model A pickup and put a chair in the bed of the truck (Beverly Hillbilly style), well that didn't go over too good with Ann, and the cops probably wouldn't like it much either. I said what are we going to do? Ann said, 'I will figure something out, don't worry'.

By now, Linda had arrived from Germany, and was here with us. I had to go to town, Ann and Linda were going someplace else. When I got home, Ann had left the Camera Ad book on the table, she had marked a page and asked that I read it and give her my opinion on it. It was a Tudor sedan, she asked me what I thought of this sedan. In the Camera Ad it looked real good, so I called the man and talking to him, it sounded really pretty good. So when Ann got home we went and looked at it.

When we got to the man's place, he opened up this old barn door, I could barely see the car through the cobwebs. The car had four flat tires, the battery was dead, there was no gas in the tank, and it had about three or four years worth of dirt, cobwebs and whatever else you can imagine on it. I told the gentleman that if it would run, I would buy it. I went home to get my trailer, took the battery out of the Woody, went to the bank to get money, then went back to his place to try and start the car. The gentleman put about a half a gallon of gas in the tank, I put the battery in, checked the oil and water, got in the car, turned the key, pulled the choke, and hit the starter, and it started right up! The engine sounded real good to me, Ann was standing back a ways, and she said she could not hear the engine running. We both liked the car, it looked in pretty good shape inside and out, so we decided to buy it. I paid the man and loaded the car on the trailer, flat tires, cob-

webs, and all (the cobwebs didn't fall off on the way home either). On the way home, we stopped and filled the car up with gas, it took 9.7 gallons, I even asked Ann to look under the car to see if gas was running out on the ground. When I got home and Linda saw the car on the trailer, she couldn't believe that I would buy such a car, much less Ann OK'ing it.

While the car was still on the trailer, I put air in the tires, and then unloaded it. The next day, which was Thursday, I changed the engine oil, the transmission oil, and the rear end oil. The old generator didn't charge, so I replaced it with an alternator. I also had to replace a valve stem in one of the tires. I vacuumed and washed the car and cleaned it up trying to get rid of all the cobwebs as best I could. I took it for a spin down the street, the engine sounded good, and it felt good while driving. When I got home, I looked at the tires, they looked good, but had cracks in them big enough so you could put a dime in them, but heck, they held air from the night before and during my test run, so I felt we're good to go.

I told Ann and Linda we were good to go on the CCRG Tour. Linda said, 'in that old car'? I said 'yes', and she had a real puzzled look on her face and she said, 'will it take us that far'? I said, 'of course', but Linda still had her doubts about it.

Friday morning we put our things in the car, and we were on our way, Linda was still not sure about any of this. Well, we made it all the way up there with no problems and Linda began to get real comfortable about the car and everything. We ran all around Hurst Castle, the light house, and up and down the coast. We had a really good time, Linda had a good time too!

Linda, Anna, and Andy in front of the Piedras Blancas lighthouse near Hearst Castle. This picture was taken on Saturday, Andy bought the car 4 days prior, and here they are on a 300+ mile tour!!!

(Continued on page 7)

(Continued from page 6)

We were on our way home and everything was going well, when the car made a horrible noise and started to miss. Linda was in the back seat, when she heard all this, she jumped up and said (in her very German accent), ‘Andy Andy something this big (making a motion with her hand) blew out from under the car’! She kept waiting for me to stop, but I just kept on going. We were about 40 or 45 miles west of New Cuyama and going about 45 miles per hour on three cylinders. When we got to New Cuyama, then we stopped. That is when I found out that I had blown out a spark plug. My Son-in-law, John, came with the car trailer and we were going to push the car onto the trailer. I wondered if the car would start, so I tried it, and guess what? It started on the first try, so I drove it on the trailer. When I got home, I started it again, and drove it off the trailer.

Everyone in the club thought we were crazy, we buy a car on a Wednesday, and leave for a CCRG Tour on Friday, not knowing anything about the car, which had bad tires to boot. All three of us had a wonderful time, and Linda still talks about the trip. I know she had a wonderful time too, and will never forget this trip!

Presidents Message *Continued from Page 1)*

Congratulations to Shelby Foulk and Mary Nicks for receiving the "Spark Plug Awards" for their awesome work on the club cookbook. Your foresight and dedication are appreciated. Also, receiving the "Accelerator Award" was Ken and Kava Koop for their awesome cooking on our trip to Canada for the International Model A Convention. They always left camp earlier than the group to get to the next stop to have dinner ready for us. Thank you all from the bottom of my heart.

Let's all use this wet, cold winter weather time to do repairs on our cars and to get them ready for a fun, busy year. After the Turlock Swap Meet in January we have Whiskey Flat Day Parade on Sat. Feb. 19th and the Super Cruise on Sat. Feb. 26th.

Have a safe and healthy New Year and we will see you on Mon. Jan. 3rd at 7 p.m.

Candy Martin

Bill Phillips

Bill with his '32 Buick at the 2009 Supercruise

Our club has lost one of its biggest enthusiasts and friends. Bill Phillips passed away on December 16, 2010. Bill was born 82 years ago in Council Bluffs, Iowa the youngest of 13 children. Bill was a great family man, he had 4 daughters, so he was pretty much surrounded by women all of his life. In my visits to his house, he always apologized for the “Stuff” laying around his yard, he said his Wife would never have allowed that. Bill loved his Wife! Bill joined the Army after graduating from High School and served during the Korean Conflict, he never missed driving his Model A in the Veterans Day Parade. A real Model A affectionado, he owned three of them, although he did have an old Case tractor and a beautiful '32 Buick Coupe. I once commented to him about all of the old wheels he had. He told me they “Weren’t worth much because they are all Chevy wheels”. Bill was buried with full military honors at the Bakersfield National Veterans Cemetery. Bill, we will miss you!

Bill at the Veterans Parade in November

Club Christmas Party at the Rasmussen Center

We ate, Rick was first in line.

Marti and her Friends again provided the class for the event.

The food was great!

We passed the "Chicken" around a few times. The award trophies that Mike made were terrific. A good time was had by all!!

Christmas Light Tour at CALM

THE THREE-PIECE SPORTS ENSEMBLE

08/10

FOR SALE: 1931 Model A Victoria.

Very nice condition. Older restoration.

Some minor mods to enhance driveability such as 600-16 Ford V8 wire wheels, electronic ignition. Last licensed in 2008. Was owned by my former father in law, Bill Post, of Post Ranch Inn at Big Sur, since 1986. Located in Big Sur at Post Ranch. Excellent interior, good tires, strong paint with minor racking in places. Murray Body. Burgundy with black exterior color. I can supply many digital photos for anyone interested. Asking \$15,000.

Please contact Jeff Paley at jhpaley@cox.net or call at 805)687 6173

(ED Note---I have plenty of photos and will send if requested. I got this after the last newsletter was published so I suggest you call to be sure it is still for sale) 12/10
